PERSONAL STATEMENT

I am currently studying on a HND course in martyr college and will soon be looking to topping the qualification up to a foundation degree on computer science. I enjoy many subjects that are closely related to business and ICT, I like to do a bit of personal marketing and website design and development for some local cleaning businesses. I have obtained many skills through doing what I love which is HTML and CSS coding. I have amazing problem-solving skills.

KEY SKILLS

- HTML & CSS Coding
